

***Remarks***

This Amendment corrects formal matters in the specification without changing the scope of the claims. Specifically, paragraph 6 was amended to correct the spelling of "flexibility." Paragraph 38 was moved between paragraphs 39 and 40 because the bellows described in paragraph 38 were not introduced until paragraph 39. Minor amendments were made to the moved paragraph to accommodate its new placement, and drawing reference numbers were added that refer to the drawings as originally filed. Paragraph 40 was also amended to accommodate the moved paragraph. Paragraph 42 was amended to insert a period that was inadvertently omitted. These amendments add no new matter. Accordingly, Applicant respectfully requests that this Amendment be entered.

Respectfully submitted,
